Why H-Town Technologies?

Free Initial Consultation

Our focus is on finding Right Technical Solutions for our Clients. We offer Initial Assessment and Consultation at No cost!

Lean and Agile is our way

We focus on delivering working prototypes rather than mere documentations. All our processes are based on Lean and Agile principles!

Be Ahead of your Competition

With our effective Blended Delivery Model, we will ensure that you are always ahead of your competition!

Automation on Time and on Budget

Our Tech Talent helped many Fortune 500 companies automate their systems. We will work with you to provide quality Software on Budget.

Pricing Plan of Your Choice

We provide services based on Fixed Price contracts, T&M or combination of both. You can choose the best option that works for you!

Hassle-free Onboarding

We know that searching for the right talent is a tedious process. Leave this to us: we provide you with the right talent from the right place!
